Our Service

Trusted Quality Clean Implants

MegaGen AnyRidge awarded a Trusted quality award from the CLEAN IMPLANT FOUNDATION every year since 2017. MegaGen has developed a surface treatment based on SLA technique with the Calcium ion incorporation process, it activates osteoblasts for fast and strong osseointegration.

Fully Digitalized Surgical Guide

R2Gate supports the perfect implant diagnostic guide with 256 shades of Digital Eye regenerations and makes the one day implant possible.

In-house Laboratory support.

Over 15 years of experience laboratory supports in-house with implant specialized technicians.
